## COLLEGE of ARTS & SCIENCES

### Overload Request Form

A maximum load of 18 semester credit hours has been established for undergraduate students. For the summer session this maximum will be 9 semester credit hours. Students must obtain special approval from their college for any hours above these maximums. Additional tuition will be charged for each credit hour over 18 credit hours (9 credit hours for summer session). If the overload request is approved a student will be able to register two weeks prior to the semester starting.

The following information—provided by you—together with your academic record will be reviewed. If the request is approved, an authorization will be issued.
