## Suggested Minors/2nd Majors/Upper Division Electives:

Although a minor or 2nd major is not required, it is highly recommended. It is almost as easy to get a second major as it is to have a minor. So do consider switching your minor to a second major. Remember that when employers see additions to your major on the transcript (certificates, minors, second majors) it tells them that you are a hard worker and have other skills that may be very attractive to them. You never know: your second major may end up being the career path you follow, so think carefully about this option.
