Important Notes

Students cannot simply "declare" Signed Language Interpreting. Admission to the Signed Language Interpreting Program is competitive and by application.

Application packets are reviewed each May. Students must complete Sign 201, 210, and 212 as well as math and writing and speaking core before applying.

Transfer credit for previous ASL courses awarded on a case by case basis, based on evaluation of course, and student skills

Students who wish to fulfill their undergraduate foreign language requirement by taking American Sign Language should be aware that because of the high demand for ASL classes and limited seating, we cannot guarantee enrollment.
